Appreciation of CCEBDM by Speakers !

All the speakers appreciated CCEBDM course very much. They said, it's very up to date course in the field of diabetes. They also appreciated curriculum design and way of session conduction. We had also chat with various participants. All of them were very much appreciative of the course. Lot of participant, whoever not associated with us were keen to know about the CCEBDM course and various training program of PHFI. Speakers and Participants said, we are looking forward for next cycle.
