

The **Certificate Course in Evidence Based Diabetes Management** is shortlisted for the first-ever “**BMJ Awards India 2014 - Oscar of Medicine**” in the category of “**Excellence in medical education**”. BMJ Awards India received more than 500 nominations showcasing medical excellence in diverse work all across the country. CCEBDM Program made it to the final stage after getting through the various rounds of scrutiny and was in top three nominations for the award.

The success would have not been possible without the sheer dedication and support of all the stakeholders. It is a proud moment for each and everyone associated with CCEBDM.
